We are committed to helping our community with this new line of safety products.

This is a face mask for use by members of the general public, including HCP in healthcare settings as PPE, to cover their noses and mouths, in accordance with CDC recommendations, to prevent the spread of the SARS-CoV-2 during the COVID-19 pandemic. This product is intended for a single user. The mask, cap, and straps, can be sanitized per CDC or EPA sanitization recommendations. Not recommended for use in any surgical setting. Not recommended for use in the presence of high intensity heat source or flammable gas. This product has not been FDA Approved. The product has been authorized by FDA under an EUA for use by healthcare providers as personal protective equipment. This product is only authorized for the duration of the declaration that circumstances exist justifying the authorization of the emergency use of medical devices under section 564(b)(1) of the Act, 21 USC 360bbb-3(b)(1).
